

Specifications – Indoor Camera

Material	Zinc Alloy
Size	232x88x25mm
Weight	0.5kg
Display	5.5-inch IPS HD Touchscreen
Identification Speed	<0.6s
Voltage	DC12V/2A (DC9V-14V)
Operating Temperature	-10°C to 60°C
Temperature Accuracy	99.9% (+/-0.2°C)
Object Temperature*	36°C to 42°C
Additional Connections	Weigand Input/Output

*Damstra Temperature Camera is purpose built for detecting human temperatures. Once a face is in frame temperature detection will begin.

Specifications – Weatherproof Camera

Material	Zinc Alloy	
Size	565x100x155mm	
Weight	1.8kg	
Display	5.5-inch IPS HD Screen	
Identification Speed	<0.6s	
Voltage	DC12V/2A (DC9V-14V)	
Operating Temperature	-10°C to 60°C	
Temperature Accuracy	99.9% (+/-0.2°C)	
Object Temperature*	36°C to 42°C	
Additional Connections	Weigand Input/Output	

*Damstra Temperature Camera is purpose built for detecting human temperatures. Once a face is in frame temperature detection will begin.
